Worksheet 4:

Shipwrecked

Teamwork can be a crucial part of business. Great teams bring out the best in every member. Are you ready to take part in a fun teambuilding exercise?

- Following a shipwreck, everyone has been stranded on a deserted island!
- Each person is allowed to bring one object to the island – ideally something that represents you or is something that you enjoy
- Take it in turns to describe to your team what object you would bring and why. Try to be creative with your choice
- Now by working together, you have to improve your chances of survival by combining the various objects that you introduced
- If necessary, you can add more objects, but you must use all the objects that everyone has mentioned.
