Shipwrecked!

Following a shipwreck you are stranded on a deserted island!
How can you work as a team to survive and escape?

On your own...

Think of what you will need to do to survive on the island. What will you need to find or make?

Then, think of one object you could bring with you to the island. This might be something helpful, or special. But you must be able to carry it on your own. Have fun, and be creative!

Then, as a team...

Share your ideas about what you'll need to do to survive.

Take turns to explain what you've brought and how it can help your team to survive.

How much do you think your object would cost?

Work as a team to plan how you can use each object or even combine them.

Then get ready to share your ideas!
